

## SR

### Griffserie SR

Schrägstehende Rohrgriffe im modernen Industriedesign.

**Werkstoff und Oberfläche:**  
Griffschenkel aus hochbelastbarem Polyamid PA 6, glaskugelverstärkt mit Feinstruktur, schwarz oder aluminiumfarben.  
Gewindeeinsätze aus Messing.  
Verbindungsrohr aus Aluminium AlMgSi 0,5; mattglänzend eloxiert oder aus Edelstahl, Werkstoff-Nr. 1.4301; feingeschliffen.

**Konstruktive Vorteile:**  
Passgenauer Sitz des Rohres auf dem Kunststoffzapfen durch Klemmstege.

**Tragkraft:**  
min. 800 N.

**Hinweis:**  
Beliebige Griffhöhen oder andere Rohrfarben auf Anfrage.

### Handle Series SR

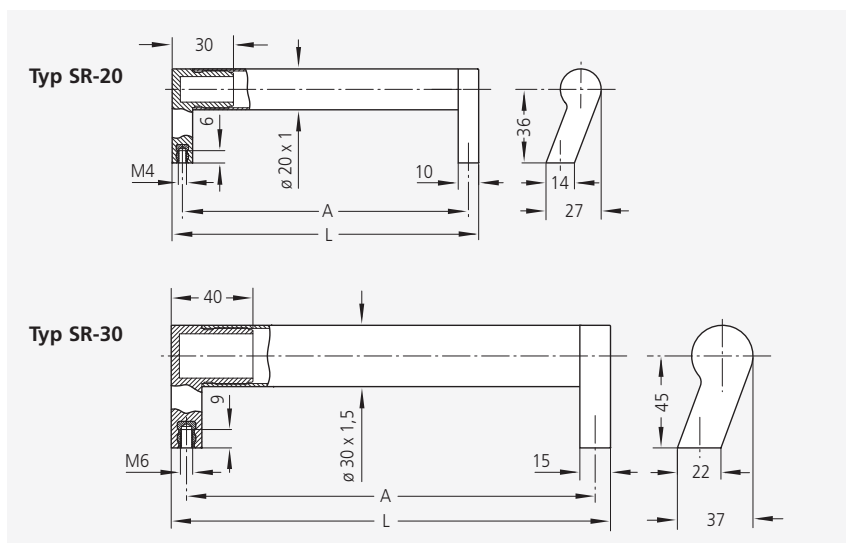

Slanting tube handles in modern industrial design.

**Material and surface:**  
Handle shanks of heavy duty polyamide PA 6, glass ball reinforced with fine structure; black or aluminium coloured. Threaded brass bushings. Connecting tube of aluminium AlMgSi 0.5; matt anodized with dull bright finish or stainless steel, material no. 1.4301; fine ground.

**Design advantages:**  
Firm fitting of tube on clamping bars by polyamide insert.

**Stress resistance:**  
min. 800 N.

**Note:**  
Other handle lengths and tube colours available on request.
